

Pleasure Cove II & III

OASIS COLLECTION

DYNASTY SPAS

★★★★★

My husband is a roofer, and after a long day at work, he loves to sit in the corner seat to enjoy a shoulder massage with the jets turned on full blast. The stereo sounds great, even with the pumps all turned up and the tub full of people. The LED-lit underwater jets light up the tub so well, and being able to change the color of the lights is too much fun. Thanks Dynasty Spas for lighting up our life!

IN.MIX, LED CONTROLS

Stunning underwater light shows can do more than further enrich your soak, they can define your spa environment. They can change the mood from a party atmosphere to a romantic setting, as well as an added safety feature after dark. The in.Mix adjustable and independent zone LED lighting system provides 113 points of light that glow from the footwell up to the spa lip and controls. The visual delight of water shooting through a beautiful spectrum of color adds unique charm to your soak.
